

Team Building Checklist

When you help your team members take action in their business, you are being a true leader and you are creating the foundation for residual income both for you and them. Utilize this team building checklist for simple ways to support your team to get into action:

PLUG THEM INTO COMPANY RESOURCES

Your company is the mother ship! Connect your team to company calls, FB groups, events etc. No matter how much support you give your team, they still need to be connected to the bigger movement!

GET THEM TO YOUR UPLINE TEAM CALL

Your team call is the place to get them plugged in to your community and leaders. Let them know you want them to join and send them the info right before the call. It takes time to create the habit to join the call so make it easy for them to get on.

RECOGNIZE THEM WHEN THEY TAKE ACTION

Recognition goes a long way in our business. As leaders, it's our job to recognize those who have taken action and we celebrate them for it. Shout them out in a group/chat or on a call. If you want them to do big things, you need to show them you see the little things.

SHARE SOCIAL MEDIA ASSETS

Giving your team marketing tools is one of THE BEST THINGS to offer them! When you share your stories slides and post ideas, they appreciate your leadership and you make it easy for them to promote! It's a win/win.

IDENTIFY YOUR LEADERS

You can't work closely with everyone, but you can work closely with a few. Identify those who have the drive and especially the willingness to show up and connect daily. You'll know who they are based on what they do, not what they say.
