

YOUR GUIDE TO
KANGEN AIR
REDEFINING CLEAN AIR

THE AIR YOU BREATHE MATTERS

Every breath you take plays a vital role in your health and well-being. Yet, the air in your home, workplace, and car can be filled with harmful pollutants, odours, and allergens. From the spaces you cherish at home to the environments where you work and travel, the quality of your air profoundly shapes your well-being.

Kangen Air by Enagic offers a groundbreaking, state-of-the-art solution to elevate your air quality, ensuring every breath contributes to a healthier, more vibrant life.

THE SILENT CHALLENGE: INVISIBLE POLLUTANTS

The air around us often contains unseen elements that harm our well-being:

- **Lingering Odours:** From cooking to pets, these disrupt the ambiance of your space.
- **Allergens and Particles:** Dust, pollen, and mould spores irritate and exhaust the body.
- **Microbial Contaminants:** Bacteria and viruses present unseen risks to your health.

These challenges are invisible yet impactful, affecting your energy, focus, and overall sense of harmony.

KANGEN AIR: WHERE INNOVATION MEETS ELEGANCE

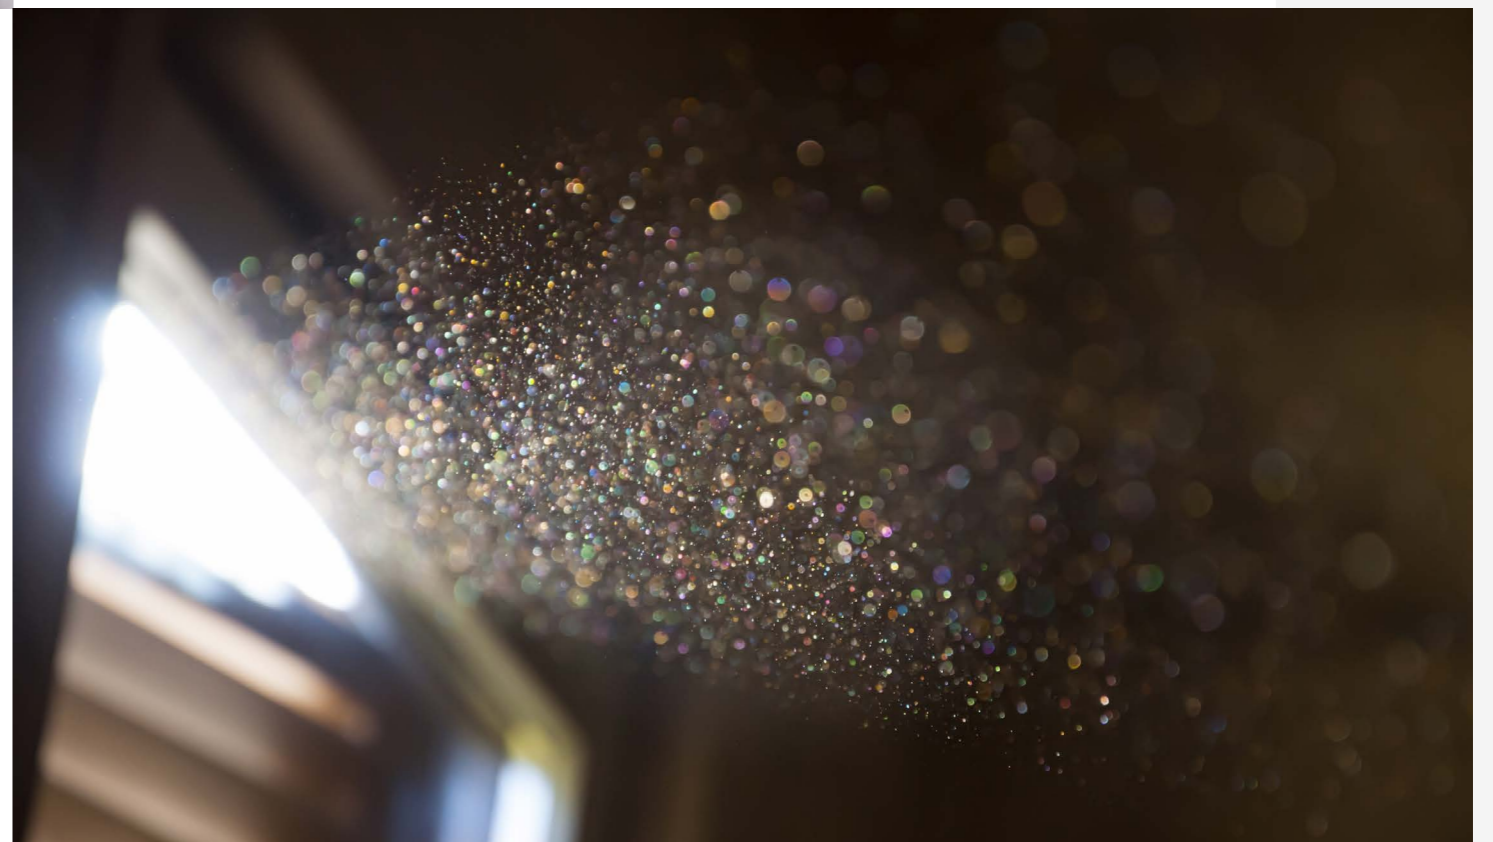

Kangen Air doesn't simply purify air; it redefines the experience of breathing.

It's a revolutionary system that combines photocatalyst technology with UV LED purification to remove odours, bacteria, and harmful particles.

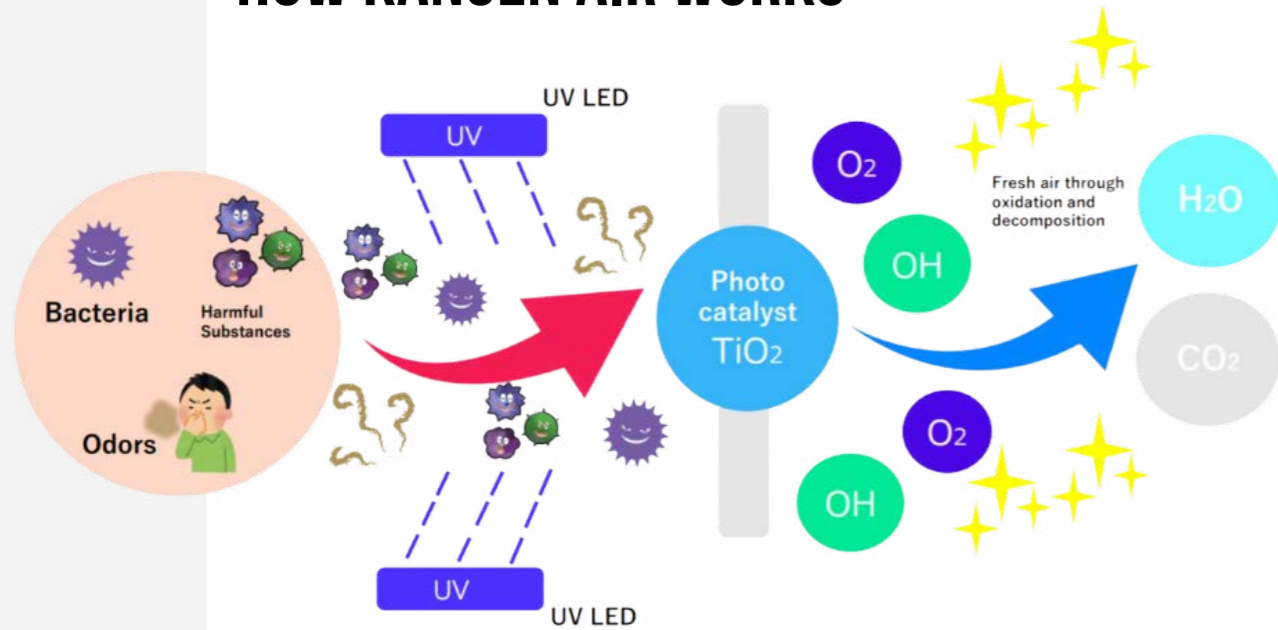

Designed for seamless integration into your daily life, it ensures the air you breathe is as pure and revitalising as possible.

Key Benefits of Kangen Air

- 1. Odour Removal and Disinfection:** Breaks down harmful substances and eliminates odours, ensuring every corner of your space smells fresh and clean.
- 2. Maintenance-Free:** No filters to replace. Simply clean the dust intake area for hassle-free operation.
- 3. Compact and Quiet:** Lightweight and discreet, Kangen Air is perfect for bedrooms, offices, and cars, offering premium air purification without disruption.
- 4. 24/7 Protection:** Works continuously to maintain a healthier environment for you and your loved ones.

HOW KANGEN AIR WORKS

THE ART OF ADVANCED AIR PURIFICATION

Kangen Air leverages two cutting-edge technologies:

- **Photocatalyst Technology:** Uses titanium dioxide (TiO₂) to decompose harmful substances through oxidation.
- **UV LED Purification:** Activates the photocatalyst to break down odours and bacteria, releasing clean, purified air into your environment.

This dual-action system neutralises contaminants and refreshes your space, creating a balanced atmosphere of pure air and calm energy.

Symphony of Benefits

Uncompromising Freshness

Kangen Air eliminates odours and neutralises harmful contaminants, ensuring the air in your space is always pristine and rejuvenating.

Enhanced Wellness

By addressing electromagnetic noise and pollutants, Kangen Air promotes:

- Improved blood flow and microcirculation.
- Reduced stress and irritability.
- A revitalised sense of calm and focus.

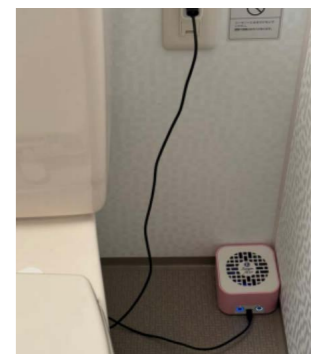

Sophisticated Design

Compact yet powerful, Kangen Air integrates seamlessly into any setting, complementing your aesthetic while quietly working to elevate your environment.

WHERE KANGEN AIR SHINES

Wherever life takes you, Kangen Air ensures the purity of your surroundings:

- **At Home:** Combat pet smells, cooking odours, and mould.
- **In Restrooms:** Neutralise unpleasant odours effectively.
- **In Vehicles:** Keep car interiors fresh during commutes and road trips.
- **In Offices:** Reduce allergens and enhance focus in shared spaces.

EXPERIENCE THE KANGEN DIFFERENCE

Kangen Air is precision-engineered to deliver premium results. Its multi-layered purification system targets high-frequency electromagnetic disturbances and harmful particles while preserving the natural resonance that supports well-being.

Kangen Air Odour Demo

A hands-on demonstration highlights how Kangen Air effectively neutralises strong odours like ammonia, leaving the air noticeably cleaner and fresher.

WHY KANGEN AIR IS THE GOLD STANDARD IN AIR PURIFICATION

Certified Excellence: Tested rigorously and recognised with prestigious certifications, including clinical validation from Universiti Sains Malaysia (USM) and SGS Certification for safety and effectiveness.

Global Recognition: Enagic's legacy of innovation and quality ensures that every Kangen Air unit is crafted to deliver unmatched performance and reliability.

Eco-Friendly Solution: By eliminating the need for disposable filters, Kangen Air minimises waste and supports a sustainable future.

Specifications

Feature	Specification
Model	EM001
Voltage	DC-5V
Input Max	6A
Coverage	4M Radius (8M Diameter)
Power	0.5W
Net Weight	300g
Warranty	1 Year

ELEVATE YOUR AIR, ELEVATE YOUR LIFE

Kangen Air is more than an air purifier; it's a statement of care and refinement. By combining innovation with ease of use, it transforms the way you experience your environment. Say goodbye to pollutants, odours, and allergens, and embrace a world where every breath rejuvenates.

About Enagic – A Legacy of Excellence

For over four decades, Enagic has set the benchmark in wellness technology. From redefining hydration with Kangen Water® to revolutionising air purification with Kangen Air, Enagic is committed to delivering elegance, quality, and transformative innovation.

Choose Kangen Air. Choose excellence. Choose a life elevated.
